OUR VISION

In 2014 we will begin the process of Capital Development at Buffalo Trail Scout Ranch. Due to the popularity of BTR we are literally overflowing with campers and we must expand our facilities to continue to deliver the promise of Scouting to these boys. New facilities will include a Dining Hall, Sustainability/Nature Center, a First Year Camper Facility, additional shower houses and a great deal of infrastructure upgrades and expansions. To that end we will be reaching out to our Communities to secure funding for these critical needs.

Membership

BUFFALO TRAIL SCOUT RANCH

BTSR offers year-round backpacking and horse-back cavalcades to Scouts, Churches, civic groups and businesses.

We are nearing the point where we will be able to offer Philmont type, week long experiences. With the addition of the new water tanks, we are getting closer to this dream.

Our next steps will be to secure funding for road improvements, 2 commissary buildings, three new composting toilets facilities, and 3 additional program sites.

TRAIL CREWS NEEDED AT BTSR

A great deal of brush busting and trail clearing is needed along our backpacking trails at BTSR. We have the shovels, and will supply the food for your hungry trail men, just contact Ranger Dan and he will set you up and point you in the right direction.

“BTSR is amazing, a great place, but is not the place, is the people, is the staff, who makes magic this piece of desert”

Special Programs

Special emphasis was placed on reaching “underserved” populations throughout the council boundaries. Traditional Scouting programs were established and delivered using traditional methodology. Non-traditional methodology was employed to deliver the various programs in some areas..

Partnerships with other Organizations play a big role in providing Scouting in hard to serve areas.

Campfire, Casa De Amigos, R.O.P.E.S., G.R.O. W. and the new Propel program are at the forefront of providing innovative program to youth that we traditionally have had a hard time reaching.
